“ Ashley, I did not know you that well. But the times we did speak you were so sweet. You were a big part of Bryceons life and he loved you like you were his own mother, he always talked about you when we would get him on the weekends, he loved his Ashley. Sweet girl, i hope you have found the peace you were looking for, and i hope you know you were loved. We are sending up prayers for Teresa, Ricky, Ashleys sisters, and the whole family.

“ Ashley,

I want to first thank you for being more than a coworker to me but a friend. Someone who I could vent to about anything & everything, gave advice when needed or gave a helping hand without thinking 2x about it. You were always so quiet but you know me and my loud mouth always had you laughing about something I had to say. I'll never forget our jokes of wanting to race home (even though you'd win in your better engine car) after working 12 hrs. We would get to the light & David is so goofy, he'd rub the engine at the light and you would sit there laughing at him telling to "stop David!!!, you're crazy". It was like 2am on empty street in Kville. Nothing but good memories with you Ashley.. even for the couple of years I knew you. I am glad I did.

David and I are thinking of you and wishing you moments of peace and comfort. My family is keeping your family in our thoughts and prayers
